September 1, 2020

Dear Parents and Guardians,

Every student from Delphos Jefferson Middle School received assignments today as part of a “shutdown plan”. This is only precautionary. The middle school is not being shut down as part of any health order at this time.

I need the cooperation of all students and their families to put these bags of assignments in a safe place until they are ordered to use them. These bags contain assignments that students would need to complete in the event we are shut down.

Due to the time and effort it takes to remove, organize, and distribute 250 Chromebooks and chargers, not to mention placing these materials back into Chromebook Carts, we need something like these bags of assignments to effectively get Chromebooks into our students’ hands.

Once again:

- **Do not complete these now**
- **Do keep these in a safe place**

As always, I thank you for your involvement in your child’s education here at the middle school.

Brian Fruchey

A handwritten signature in black ink that reads "B. Fruchey". The signature is written in a cursive style and is underlined with a long, horizontal stroke.
